To the Commissioners:

The following is a summary of recent DRPA activities. The appropriate reports are attached.

AROUND THE AUTHORITY

Employees Recognized Among Nation’s 50 Women of Influence in Rail

I am proud to share that **Elisabeth Klawunn**, Manager of Construction and Maintenance, DRPA, and **Beth Pratt**, Director of Transit Services, PATCO, have been named among Progressive Railroading’s 50 Women of

Influence in Rail for 2025. This inaugural recognition highlights outstanding women making a meaningful impact in the rail industry.

Lis was honored in the Mentorship category for her leadership in transformative projects, including PATCO’s accessibility improvements, and her dedication to mentoring young professionals through DRPA/PATCO’s Youth Exploration Program and WTS Philadelphia.

Beth was recognized in the Leadership category for her trailblazing role as the first woman in PATCO’s history to hold this position. She oversees transit operations and plays a critical role in ensuring PATCO’s safety, reliability, and efficiency.

With only 50 honorees nationwide, having two DRPA/PATCO employees recognized is a testament to the strength and influence of women within our organization. Please join me in congratulating Lis and Beth on this well-deserved honor!

Bridging the Skills Gap: DRPA and PATCO’s Apprenticeship Success

Jazmine Thomas, our first Registered Apprentice, transitioned from PATCO Custodian to Electronic Technician through DRPA and PATCO’s Apprenticeship Program.

Like many organizations nationwide, DRPA and PATCO are facing significant challenges in recruiting qualified candidates for several key positions. The lack of skilled applicants has made it increasingly difficult to fill critical roles.

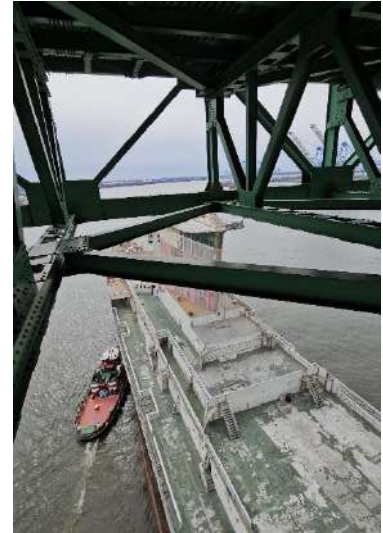

To address this issue, DRPA and PATCO pursued and achieved Registered Apprentice Status from the United States Department of Labor in 2023. The designation enables us to develop a structured apprenticeship program that combines classroom instruction with supervised on-the-job training. Each apprentice is required to complete a minimum of 2,000 hours of hands-on learning, ensuring they gain the technical skills necessary for success.

The first apprentice in this program, **Jazmine Thomas**, exemplifies its impact. Jazmine began her career with PATCO as a custodian. She applied, tested, and interviewed for the program and was ultimately admitted. Through her dedication and training, she has successfully transitioned into a role as an Electronic Technician.

By establishing this apprenticeship program, DRPA and PATCO have created a model that can be replicated for other hard-to-fill positions. This initiative strengthens our internal talent pipeline, supports succession planning, and ensures that we are proactively addressing workforce challenges while investing in the long-term success of our employees and organization.

Maritime Legend Passes Beneath the Walt Whitman Bridge

On February 19, the *SS United States*, an iconic vessel, bid farewell to Philadelphia, marking the end of a significant chapter in maritime history. Since 1996, the ship had been a visible landmark from the Walt Whitman Bridge, a steadfast presence in the skyline. Its departure now leaves a notable absence, a reminder of the rich maritime legacy it represented. The movement of the ship required seamless coordination between DRPA's Bridge Operations team and marine logistics specialists. Precise measurements, tidal planning, and ideal weather conditions were carefully considered to ensure smooth passage under both the Walt Whitman and the Commodore Barry Bridges. This operation highlighted DRPA's ability to manage complex challenges with expertise and precision.

Visit DRPA's YouTube channel to watch a video clip of the passage under the Walt Whitman Bridge.

STEWARDSHIP

Project Spotlight: Lindenwold Control Center

The Lindenwold Control Center project marks a significant upgrade to PATCO's operations and infrastructure. This new facility, located within the Lindenwold Shop and Yard Complex, will replace the original Center Tower, which has been in service since 1969. The original Center Tower, located above a traction-power substation in Camden, was limited by its use of copper control cabling, restricting the range and flexibility of communication systems.

With PATCO's recent transition to fiber-optic cabling, the new control center will benefit from enhanced communication capabilities, extending seamlessly across the entire PATCO line. This shift allows for greater operational flexibility and improved efficiency in managing the system.

The new control center will be housed within the Lindenwold Complex, providing state-of-the-art technology and upgraded accommodation for PATCO staff. The first floor will include office space for Transit Services personnel, while the second floor will be dedicated to the new control center, housing the team currently working from Center Tower.

Once complete, the original Center Tower will serve as an emergency backup control center, ensuring business continuity in case of an emergency. This \$19.4 million project is a crucial investment in PATCO's future, improving operational efficiency and the work environment for our personnel.

SERVICE

Shaping the Future of South Jersey Transportation

I recently had the opportunity to participate in a panel discussion hosted by the Chamber of Commerce Southern New Jersey's (CCSNJ) Transportation & Infrastructure Committee, focusing on the future of the Glassboro-Camden Line (GCL). The conversation brought together key stakeholders, including Senator John J. Burzichelli (NJ-3), Assemblyman Bill Moen (NJ-5), NJ TRANSIT CEO Kris Kolluri, and Rowan University President Ali Houshmand.

During the discussion, we explored the economic impact of the GCL, the enhanced connectivity it will bring to

with leaders who share a commitment to strengthening the region's infrastructure and ensuring a more connected future for the communities we serve.

South Jersey, and the next steps in advancing this vital project. The GCL represents a major investment in the region's transportation network, providing improved access to jobs, education, and essential services while fostering economic growth. It was a valuable opportunity to engage

CCSNJ Transportation & Infrastructure panel on March 4, discussing the future of the Glassboro-Camden Line.

PATCO's Communications Initiatives Featured at APTA Workshop

Clear, effective communication is essential whether a transit agency serves five or 50 million riders a year. Last month, **Mike Williams**, Manager of Corporate Communications, had the honor to share his insights on communications and social media at the American Public Transportation Association (APTA) Marketing, Communications & Customer Experience Workshop in Long Beach, California.

This annual gathering brought together more than 500 public transportation professionals from across the country, all dedicated to advancing transit marketing, communications, public relations, and customer experience. Mike participated in a panel discussion alongside industry leaders from Los Angeles Metro and the Maryland Transit Administration, engaging in conversation on best practices in social media and public engagement.

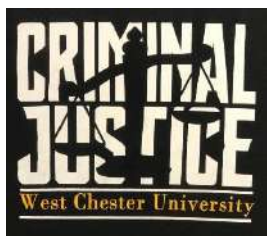

We were excited to have Mike represent DRPA/PATCO on a national stage and are grateful for the opportunity he had to share our communications initiatives and learn from other experts in the field.

DRPA Police Gives Back: Guest Lecture Engages Future Law Enforcement Professionals

Lieutenant Jessica Gabe, DRPA Police, had the honor of returning to her alma mater, West Chester University, as a guest lecturer. She was invited by Professor Brian Sprowal to speak to students in the *Policing in America* class, where she shared her insights and experiences in law enforcement.

The students were highly engaged and showed great enthusiasm for the profession, which reinforced Jessica’s confidence in the future of law enforcement. This opportunity not only allowed

Jessica to give back to the program that helped shape her career but also provided an important platform to inspire and educate the next leaders in policing.

Jessica’s commitment to supporting the education and development of future law enforcement professionals continues to be a source of pride and motivation.

COMMUNITY

Caring is Sharing: Helping Our Community Thrive

A Year of Giving: DRPA’s Community Stewardship in Action

Our Community Relations department, in conjunction with Customer Service, takes great pride in playing key roles in organizing and implementing several impactful community stewardship events throughout the year.

In 2024, the departments joined forces to deliver the “Caring is Sharing” campaign. This initiative consisted of three distinct programs aimed at giving back to those who could benefit from a helping hand.

- **Spring Forward:** The first initiative was a resounding success, where both internal and external customers came together to donate essential items. The overall Caring is Sharing goal was to collect 2,024 items in 2024. Thanks to the generosity of DRPA employees, PATCO employees and PATCO riders, we exceeded expectations with a total of 1,710 items from the first initiative alone! Spring Forward donations benefited two Salvation Army shelters and Cradles to Crayons -- an organization that provides clothing to children and families in need.
- **Honor Those Who Serve:** The second initiative focused on supporting military service members. DRPA and PATCO employees contributed 689 items, including healthcare, food, and comfort items, all of which were sent to the Military Support Group of New Jersey. These donations were then shipped to deployed active military personnel, providing much-needed support and comfort.
- **Supplies To Thrive:** The final initiative of the Caring is Sharing campaign was centered around supporting education. The drive collected 595 school supplies that were distributed to two local organizations -- CASA (Court Appointed Special Advocates), which advocates for children in foster care, and Somerset Academy Early Learning Center, which provides educational opportunities for young children to help them thrive socially and academically.

These initiatives have made a significant impact on our community, and we're proud to have contributed to such meaningful causes. Thank you to everyone who participated in these events and helped make 2024 a year of giving and compassion.

Special Ben Franklin Bridge Lightings

As part of our community stewardship with regional tri-state nonprofits (PA, NJ, & DE), we are pleased to provide special lighting on the Benjamin Franklin Bridge for the following occasions March 1-31, 2025.

CFO REPORT

Report of the Chief Financial Officer

March 6th, 2025

**Board of Commissioners
 Delaware River Port Authority of Pennsylvania and New Jersey
 One Port Center
 2 Riverside Drive
 Camden, New Jersey 08101-1949**

Re: **FINANCIAL SUMMARY**

To the Commissioners:

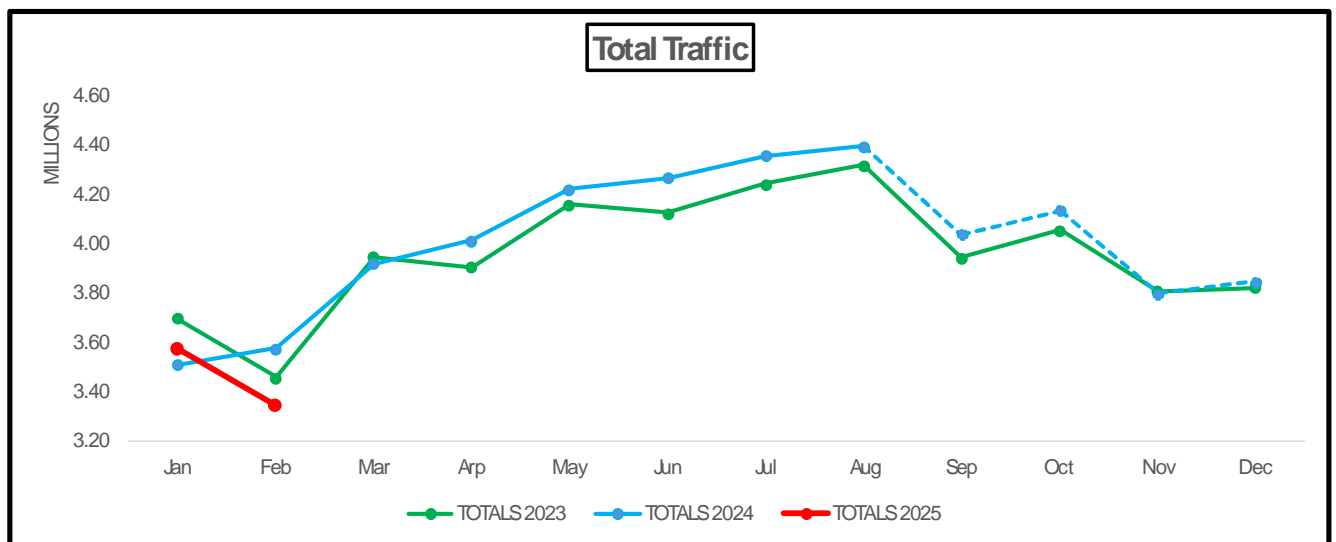

The following descriptive financial summary is primarily based on the unaudited financial summary, dated March 6th.

Current Trends DRPA Preliminary Traffic Volumes

February YTD total traffic volume was 167K or 2.4% lower than last year. The reasons for the decrease in traffic are:

- 135k from an extra day in 2024 (leap year).
- 35K from decreases in traffic, the day of Superbowl Parade.

The dotted line on the graph below represents the period with a 20% toll increase.

December 2024 YTD Final Traffic/Toll Revenues vs. 2024 December YTD Budget

DRPA toll revenues of \$345.9 Million were \$30.3 Million or 9.6% above budget and traffic was approximately 50.5 Million vehicles or 2.2% above budgeted traffic. The positive variance in revenue was primarily driven by:

- ~\$20M from 20% toll increase effective September 1, 2024.
- \$10.3M from higher traffic volume.

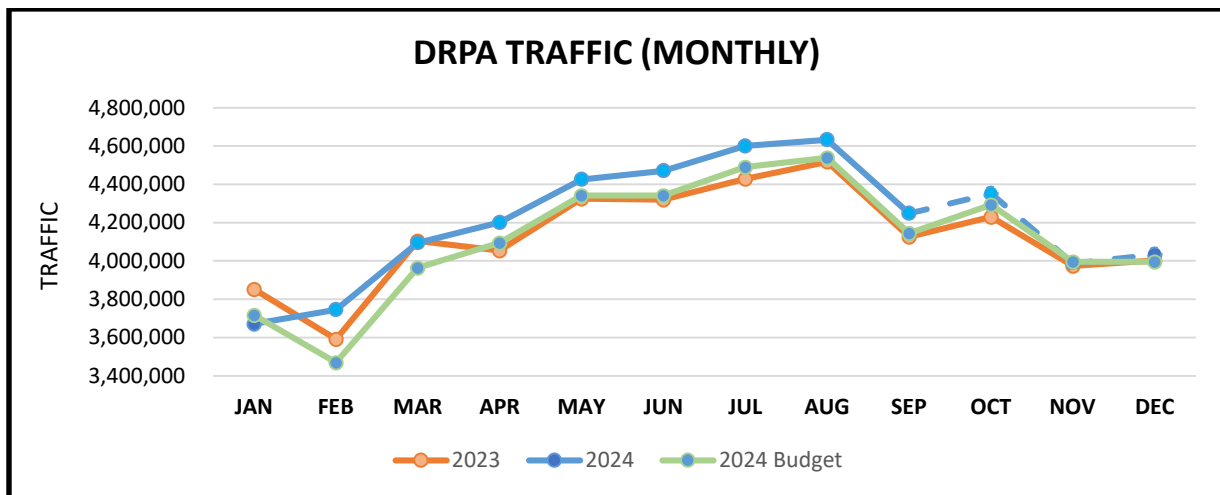

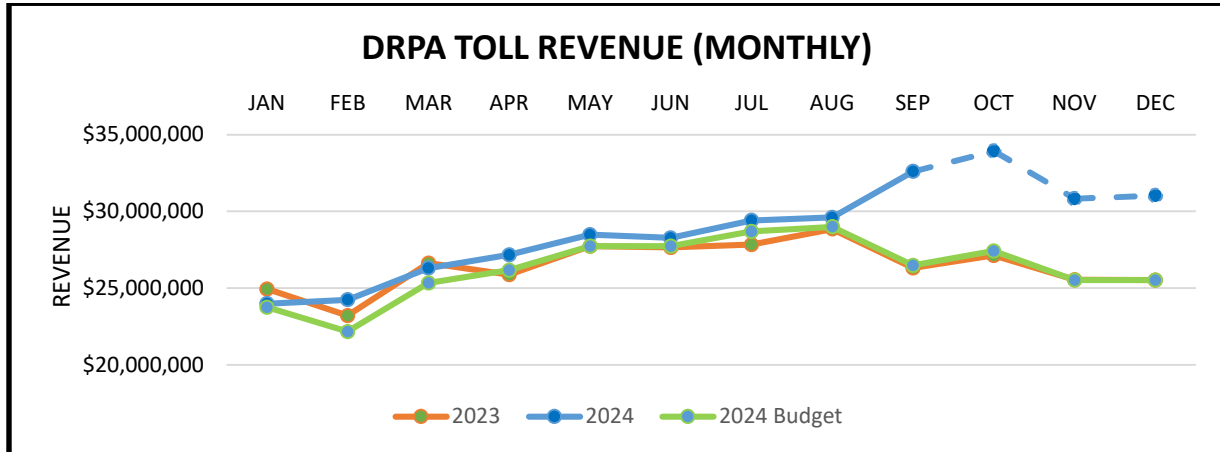

December 2024 YTD Final Traffic/Toll Revenues vs. December YTD 2023

DRPA toll revenues were \$345.9 Million, an increase of \$28.6 Million or 9.0% versus 2023. Traffic totaled 50.5 Million vehicles or 1.9% versus 2023. The increase in revenue was primarily driven by:

- ~\$20M from 20% toll increase effective September 1, 2024.
- \$8.6M from higher traffic volume.

Overall Revenue and Traffic for the Years 2023 and 2024

The 2024 data on the graphs below represent December YTD figures.

PATCO December YTD Revenue

Patco Revenue and Ridership December YTD						
(Millions)	2024 Actuals	Budget	2023 Actuals	B/(W)Plan	B/(W)PY	2024 Growth
Revenue	\$ 13.36	\$ 13.78	\$ 12.88	\$ (0.42)	\$ 0.48	3.7%

Ridership	5.64	5.84	5.45	(0.20)	0.19	3.5%

PATCO Actual Ridership and Passenger Fare Revenue vs. Budget Through December 2024
 PATCO net passenger revenues of \$13.36 Million are unfavorable by \$420 thousand or by 3.0% against budget. The actual ridership was 5.64 Million, which is unfavorable by 200 thousand passengers or 3.3% less than budget. The unfavorable variance is primarily driven by a delay in the opening of Franklin Square Station.

PATCO December YTD 2024 – Ridership/Passenger Revenues vs. YTD 2023

YTD December 2024 net passenger revenues were \$13.36 Million, which represents an increase of \$480 thousand or 3.7% versus YTD December 2023. The actual ridership was 5.64 Million, which represents an increase of 190 thousand or 3.5% versus YTD December 2023.

DRPA and PATCO Preliminary YTD Operating expenses and Headcount

Total	954	816	138	77

- **DRPA’s** YTD expenses are \$113.5 Million, 6.9% **favorable to budget**.
- **PATCO’s** YTD expenses are \$58.6 Million, 12.2% **favorable to budget**.
- Favorable variance to budget in **employee related** expenses is driven by 138 open positions vs. budget, this equates to a 14.5% headcount attrition rate. Preliminary **operating expenses** are \$1.65 Million favorable to budget.

The Authority’s expenses for the year are under budget, continuing the streak of a positive variance over the past twenty plus years, resulting from the continued cost-constraints that both DRPA and PATCO have placed on spending.

General Fund

In 2025 the General Fund balance decreased by \$18.9 Million, this reduction is higher than the historical monthly average and is driven by an additional capital payment run in January 2025.

Bond Compliance and Bond-Related Transactions

The Authority intends to refund all, or a portion of, the remaining outstanding 2013 revenue bonds (\$243.9 million) if conditions are favorable over the next few months.

Respectfully submitted,

Jerry Sahi

Combined Financial Statements and Financial Summary

Reserves: The Authority maintains a reserve for sick and vacation leave benefits. Prior to 1993, the Authority maintained actuarially determined reserves for sick leave in accordance with its sick leave benefits policy. During 1993, the Authority changed its policy for the majority of its represented employees and all non-represented employees, eliminating future accumulations of unused sick pay for which employees may be compensated, and freezing the number of days eligible for payment at separation. As a result of this change, the remaining reserve for sick pay benefits is determined sufficient to meet the associated liability and will require no further additions for the foreseeable future. Reimbursement for accumulated sick leave at separation is charged against the sick leave reserve.

The Authority maintains reserves for the uninsured portion of workers' compensation and general liability claims. Reserves necessary to provide for the self-insured portion of these workers' compensation and general liability claims are periodically reviewed by staff and third parties to ensure their adequacy. Amounts are charged against operations during the year to maintain a sufficient level of reserves.

In accordance with the Authority's Indentures of Trust, the Authority maintains certain funds as reserves for its outstanding long-term debt.

Depreciation: Depreciation and amortization figures are provided using the straight-line method over the estimated useful lives of the related assets, including those financed by federal and state contributions.

Asset lives used in the calculation of depreciation are generally as follows:

- | | |
|---|---------------|
| • Bridges, freeways and tunnels | 100 years |
| • Buildings, stations and certain bridge components | 35 - 50 years |
| • Electrification, signals and communications system | 30 - 40 years |
| • Transit cars, machinery and equipment | 10 - 25 years |
| • Computer equipment, automobiles and other equipment | 3 - 10 years |
| • Subscription assets | 2 - 5 years |

Balance Sheet

- The accounting entries related to GASB Statement 68, *Accounting and Financial Reporting for Pensions*, and Statement 75, *Accounting and Financial Reporting for Post Employment Benefits Other than Pensions*, are typically done on an annual basis after the external auditor review.
- **Total Current Assets declined by \$23.7M due to the following:**
 - Total "non-restricted" cash and cash equivalents and investments, primarily the General Fund, decreased by \$27.4 million to \$218 million YTD December 2024, a decrease of 11.1% primarily driven by capital investments and PATCO subsidy.
 - Total "restricted" cash and cash equivalents and investments increased by \$3.1 million to \$212.3 million YTD December 2024, an increase of 1.5%. Driven by higher principal bond payments due January 2025 verses 2024.
- **Total Non-Current Assets increased by \$10.2M due to the following:**
 - Capital Assets net of Accumulated Depreciation increased by \$13.7 million or by 0.7%, due to year-over-year increases in capital expenditures.
- **Total Liabilities** reduced by \$86.5 million primarily driven by \$82.3 million decrease in outstanding debt from \$1,027.0 million in 2023 to \$944.7 million in 2024.

Combined Statement of Revenues, Expenses and Changes in Net Position

- Total Bridge operating revenues were \$356.1 million YTD December 2024 vs. a total of \$327.6 million YTD December 2023, or an increase of \$28.5 million or by 8.7%. Primarily driven by \$20.0 million from 20% toll increase effective September 1, 2024, and higher traffic volume.

Combined Financial Statements and Financial Summary

- PATCO transit system operating revenues increased by \$0.9 million, or by 6.8% totaling \$14.9 million for YTD October 2024, up from the previous year's YTD December total of 14.0 million, driven by increase in ridership by 190,000, or by 3.5%.
- Total operating expenses were \$304.7 million, up \$44.5 million, or by 17.1%. Primarily driven by:
 - \$35.2 million of the increase Depreciation expense, primarily due to the completion of \$410.7 million of capital projects.
 - \$8.6 million increase in General & Administration expense, of which \$4.0 million of the increase is from employee related cost.
- Total interest on funded debt decreased by \$5.7 million, or by 12.7% over YTD December 2023. The decrease is primarily due to a reduction in outstanding debt balance and conversion of the 2024A Revenue Refunding Bonds to tax exempt bond.
- The above aforementioned factors drove the net position to increase by \$70.0 million dollars to \$1,263.1 million.

Combined Statements of Fiduciary Position and Changes in Fiduciary Net Position

- As part of the Authority's combined financial statements, two funds are maintained: a proprietary fund (enterprise fund) and a fiduciary fund (consisting of another employee benefit trust fund and a custodial fund). The focus of enterprise funds is the measurement of economic resources, that is, the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. The focus of fiduciary funds is also the measurement of economic resources.
- The enterprise fund is maintained on the accrual basis of accounting. Enterprise funds account for activities (i) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by law or regulations that the activity's cost of providing services, including capital cost (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service). Under this method, revenues are recorded when earned and expenses are recorded when the related liability is incurred.
- The fiduciary fund is also maintained on the accrual basis of accounting. The fiduciary fund accounts for the recording and accumulation of other postemployment benefit resources, which are held in trust for the exclusive benefit of the Authority's retirees. This fund is referred to as the "Other Postemployment Benefits" ("OPEB") Trust. In addition, the fiduciary fund maintains custodial funds that account for the recording and accumulation of resources for the proposed Glassboro-Camden Line (GCL) project, which is an 18-mile passenger rail line between Glassboro and Camden in Southern New Jersey. (Note: The Authority is the project manager for the GCL, on behalf of the NJ Transit, and is provided with the authority to implement various pre-development activities for the project. The Authority has no financial responsibility related to the funding of the GCL project.)

Investments and Interest Income by Fund

- The average yield earned on our investments ranged from 2.0% to 5.0% in 2024.
- Interest income decreased \$0.2 million for YTD December 2024 to \$18.4 million, down from the previous year's YTD December total of \$20.6 million.
- All investment purchases have followed the guidance of the latest General Fund investment policy written in 2019.

Summary Statements and Resolutions for Consideration

Committee Chairman Frattali stated there were six (6) Summary Statements and Resolutions for the Committee's consideration:

1. DRPA-25-019 PATCO Franklin Square System Integration Enhancements

PATCO General Manager Rink presented the Summary Statement and Resolution seeking Board authorization for staff to negotiate a contract with Oliver Communications Group to provide system integration enhancements at the Franklin Square Station in an amount not to exceed \$468,000.00. Commissioner Fentress moved to forward the Resolution to the Board for consideration and Commissioner Garganio seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

2. DRPA-25-020 Contract Modifications

PATCO General Manager Rink presented the Summary Statement and Resolution seeking Board authorization for a change order to the contract approved by Resolution No. DRPA-21-085, requesting an additional \$500,000.00 in funding for gearbox overhauls through December 2025, the end date of the current contract. The additional funding of \$500,000.00 was approved in the 2025 Capital Budget. Commissioner Snell moved to forward the Resolution to the Board for consideration and Commissioner Sweeney seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

3. DRPA-25-021 Platform Truck Upfitting Equipment Package

Fleet Director Licata presented the Summary Statement and Resolution seeking Board authorization for staff to negotiate a purchase contract with Intercon Truck Equipment, Inc. for the purchase of one (1) Platform Truck Upfitting Equipment Package. Commissioner Powell moved to forward the Resolution to the Board for consideration and Commissioner Sweeney seconded

the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

4. DRPA-25-022 Trane U.S., Inc. Chiller Maintenance Agreement

Bridge Director DeOliveira presented the Summary Statement and Resolution seeking Board authorization for staff to negotiate a Maintenance Agreement with Trane U.S., Inc. to provide preventative maintenance and emergency service for Bridge facility chillers at all four DRPA Bridges for period of three (3) years and in the a not to exceed amount of \$159,796.00. Commissioner Sweeney moved to forward the Resolution to the Board for consideration and Commissioner Fentress seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

5. DRPA-25-023 Replacement of Toll Plaza Lane Signs for the Walt Whitman Bridge and Commodore Barry Bridge

Bridge Director DeOliveira presented the Summary Statement and Resolution seeking Board authorization for staff to negotiate a contract with Daktronics, Inc. for the purchase of 22 toll plaza lane signs to replace at the Walt Whitman Bridge and Commodore Barry Bridge, to replace the signs at those facilities that had reached the end of their useful life, in the amount of \$394,920.00. Commissioner Fentress moved to forward the Resolution to the Board for consideration and Commissioner Garganio seconded the motion. There were no questions or comments from Commissioners on this item. All Commissioners in attendance voted to approve the motion.

General Discussion

Chairman Frattali stated there were two issues for discussion.

Change Order

1. BR-23-2019 Painting and Steel Repairs

Chief Engineer Venuto discussed Change Order No. 2 for Contract BR-23-2019, The Betsy Ross Bridge Painting and Steel Repairs project, which is an approximately \$84.7M construction contract with \$5M reserved for site coordination and conditions. The Change Order allocates \$587,992 from the site coordination and conditions line item. The change consists of a decrease in the quantity of one (1) contract item, an increase in the quantity of two (2) contract items, and the addition of three (3) new contract items. This Change Order is necessary to fund additional concrete repairs, Amtrak fees and additional structural work identified in the latest biennial inspection. The Change Order includes a \$275,000 credit for reusing maintenance walkway hardware instead of replacement. The new contract items have been reviewed and are recommended by the construction monitoring consultant, STV, Inc. Including this Change Order No. 2, the total of Change Orders for this Contract is \$993,812.82, all from the site coordination and conditions line item and there is no time extension associated with this change order. There were no questions or comments from Commissioners on this item.

Biennial Inspection Presentation

Senior Engineer Kordzian and Associate Engineer Moore presented to the Committee concerning the Biennial Inspections. The presentation highlighted various points of the inspections, and provided insight into findings and subsequent work following the inspections. There were no questions or comments from Commissioners on this item.

ADJOURNMENT

With no further business for Open Session, Committee Chairman Frattali announced that the Committee would adjourn and the Committee would meet in Executive Session to discuss pending or anticipated contract negotiations to which the DRPA is or may become a party. He called for a motion to adjourn the Meeting and to meet in Executive Session. Commissioner Young made the motion and Commissioner Powell seconded the motion. All Commissioners in attendance voted to approve the motion and the meeting adjourned at 9:22 a.m.

EXECUTIVE SESSION

The Committee met in Executive Session.

Following discussion and with no further business for the Executive Session, Commissioner Fentress moved to close the Executive Session and Commissioner Garganio seconded the motion. All Commissioners in attendance voted to approve the motion and the Executive Session concluded at 9:28 a.m.

SUMMARY STATEMENT

ITEM NO.: DRPA-25-019

SUBJECT: PATCO Franklin Square System
Integration Enhancements

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: March 4, 2025

BOARD ACTION DATE: March 19, 2025

PROPOSAL: That the Board authorizes staff to negotiate a contract with Oliver Communications Group, Inc. to provide system integration enhancements at the Franklin Square Station.

Amount: \$468,000.00 (N.T.E.)

Contractor: Oliver Communications Group, Inc.
2457 Old York Road
Bordentown, NJ 08505

PURPOSE: To provide system integration enhancements to communication and network systems in Franklin Square Station. The materials and work will be provided under GSA Schedule 84 pricing.

BACKGROUND: This project will provide enhancements in communication and networking of LCD signage, schedule signage, and advertising. The work to be included was not part of the construction contract documents but is needed to integrate with PATCO's communications and network systems. This signage provides messaging and schedules to customers on the platform.

Work will also include installation of blue and white safety strobes at the platform ends for train operator notifications and workers in the track area and integrate into network and communication systems at Center Tower.

This work will not impact the reopening of the station or impact the operation.

Staff has reviewed and evaluated Oliver Communication Group's proposal and determined it to be fair and reasonable and consistent with GSA Schedule 84 contract pricing.

SUMMARY STATEMENT

ITEM NO.: DRPA-25-020

SUBJECT: Contract Modifications

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: March 5, 2025

BOARD ACTION DATE: March 19, 2025

PROPOSAL: That the Board authorizes the execution of contract modifications to certain contract(s) for DRPA project(s) and that the Board amends the original approved Resolution.

PURPOSE: To approve contract modifications in the amount and time set forth herein for the identified DRPA project(s) and to assure that the Contract reflects the actual Board approved project costs.

BACKGROUND: The Authority is presently undertaking projects previously approved by the Board. During the course of the project(s) identified in the Attachment (attached hereto and made a part hereof), DRPA has determined that conditions affecting each project require contract modification adjusting the scope of work/contract items, compensation and/or the time to perform the contract work as set forth in the Attachment.

DRPA staff has evaluated the contract modification(s) identified in the Attachment and any supporting documentation and has determined the contract adjustments as proposed are fair and reasonable and meet the needs of the Authority.

COMMITTEE: Operations and Maintenance

COMMITTEE MEETING DATE: March 4, 2025

BOARD ACTION DATE: March 19, 2025

PROPOSAL: That the Board authorizes staff to negotiate a purchase contract with Intercon Truck Equipment, Inc., 142A, Conchester Highway, Aston, PA 19014 for the purchase of (1) Platform Truck Upfitting Package.

Amount : \$156,625.00

Contractor: Intercon Truck Equipment, Inc.

PURPOSE: To provide and install necessary equipment such as hydraulic components, man lift platform, and utility body for a 2025 F550 cab and chassis.

The platform truck is vital to DRPA's Maintenance and Electrical Departments. It is used to repair and maintain roadway lighting, signage and other overhead repairs at the Benjamin Franklin and Betsy Ross Bridges. This unit will replace our old platform truck which is 24 years old and has reached the end of its useful life.

BACKGROUND: The Platform Truck Upfitting Equipment Packages is being purchased under Costars Contract #025-E22-394. Experience has shown that state contract pricing is the most cost-effective means of purchasing vehicles and equipment because pricing is quantity based. The 2025 Capital Budget includes funding for the purchase of the center lift upfit equipment

SUBJECT: Trane U.S., Inc. Chiller Maintenance Agreement

COMMITTEE: Operations and Maintenance

COMMITTEE MEETING DATE: March 4, 2025

BOARD ACTION DATE: March 19, 2025

PROPOSAL: That the Board authorizes staff to negotiate a Sole Source Contract with Trane U.S., Inc. in King of Prussia, PA to provide Annual Preventative Maintenance and Emergency Service for the facility chillers at all four DRPA Bridge Facilities for three years (3) in the amount not to exceed \$159,796.00

Amount: \$159,796.00

Contractor: Trane U.S., Inc

PURPOSE: To provide Annual Preventative Maintenance and Emergency Service for the facility chillers at all four DRPA Bridge Facilities.

BACKGROUND: The DRPA acquires the services of an Authorized Service Company to inspect and maintain the chillers at all four DRPA Bridge Facilities. The Authorized Service Company works closely with Bridge Operations to maintain the integrity of the facilities cooling systems. Trane U.S., Inc. is the sole source service supplier for the named brand equipment at the bridge facilities.

It is recommended that a three (3) year maintenance agreement be awarded to Trane U.S., Inc. in King of Prussia, PA to provide Annual Preventative Maintenance and Emergency Service for the chillers at all four DRPA Bridge Facilities in the amount not to exceed \$159,796.00

ITEM NO.: DRPA-25-023

SUBJECT: Replacement of Toll Plaza Lane Signs for the Walt Whitman Bridge and Commodore Barry Bridge

COMMITTEE: Operations & Maintenance

COMMITTEE MEETING DATE: March 4, 2025

BOARD ACTION DATE: March 19, 2025

PROPOSAL: That the Board authorizes staff to negotiate a contract with Daktronics, Inc., for the purchase of 22 Toll Plaza Lane Signs to be replaced at the Walt Whitman Bridge, and Commodore Barry Bridge in the amount of \$394,920.00.

Amount: \$394,920.00

Contractor: Daktronics, Inc.

PURPOSE: The purpose is to allow Bridge Operations a Sole Source procurement for the purchase and delivery of 15 (EZ-Pass only/Cash Only/Lane Closed signs) to the Walt Whitman Bridge, and 7 signs to the Commodore Barry Bridge.

BACKGROUND: The existing signs are outdated and have reached their useful life. Parts and software are no longer supported by Daktronics Tech Support. Currently, DRPA has a service contract that covers all Roadways and Tolls signs, and the company will not renew the service contract unless all the outdated signs are replaced. Daktronics, Inc. is a Sole Source provider of these electronic signs, and their equipment is compatible with DRPA monitoring control and Toll Systems. Their technicians have extensive knowledge and experience with DRPA's Systems and over the years they have performed very well for DRPA. The installation of the new signs will be done by in-house Technicians with the Daktronics support and programming.

SUBJECT: Consideration of Pending DRPA Contracts
(Between \$25,000 and \$100,000)

COMMITTEE: New Business

COMMITTEE MEETING DATE: N/A

BOARD ACTION DATE: March 19, 2025

PROPOSAL: That the Board consider authorizing staff to enter into contracts as shown on the Attachment to this Resolution.

PURPOSE: To permit staff to continue and maintain DRPA operations in a safe and orderly manner.

BACKGROUND: At the Meeting held August 18, 2010 the DRPA Commission adopted Resolution 10-046 providing that all DRPA contracts must be adopted at an open meeting of the DRPA Board. The Board proposed modifications to that Resolution at its meeting of September 15, 2010; specifically that all contracts between \$25,000 and \$100,000 be brought to the Board for approval. The contracts are listed on the Attachment hereto with the understanding that the Board may be willing to consider all of these contracts at one time, but if any member of the Board wishes to remove any one or more items from the list for separate consideration, each member will have that privilege.

PURCHASE REQUISITION NUMBER	DATE

Background:

DRPA Purchasing put these sand barrels out for bid January 2024. This particular barrel was purchased from Traffic Safety Services. These barrels required a specific lifting hoist. The WWB purchased the hoist for \$4090. The hoist needed connects to a Loader. Due to the amount of accidents that took place at the end of 2023 and through 2024, we have purchased over 100 barrels in the year 2024. Over \$30k. Each barrel cost \$313. We order 34 barrels per order for a cost of \$10,642.

Justification for Proprietary/ Sole Source:

The WWB is requesting this specific barrel: PSS CrashGard® Sand Barrel System is a non-redirective, gating sand barrel or crash cushion. Sand barrels are designed to protect fixed objects, whether permanent or temporary, and reduce the likelihood of a vehicle impacting the object. The barrels can be replaced once struck and can be re-used. These particular barrels work and have kept our motorists safe. Additionally these barrels accommodate each required weight using only one barrel size with an insert.

Cost:

\$313 each. See background for more information.

GENERAL MANAGER'S REPORT

REPORT OF THE GENERAL MANAGER

As stewards of public assets, we provide for the safe and efficient operation of transportation services and facilities in a manner that creates value for the public we serve.

March 19, 2025

To the Commissioners:

The following is a summary of recent PATCO activities, with supplemental information attached.

HIGHLIGHTS

PATCO Riders love the EAGLES! – On February 14, joyful football fans swarmed to Lindenwold, Woodcrest, Ferry Avenue, and City Hall Stations to ride to 9th/Locust to join the celebration of the Eagles’ Super Bowl win.

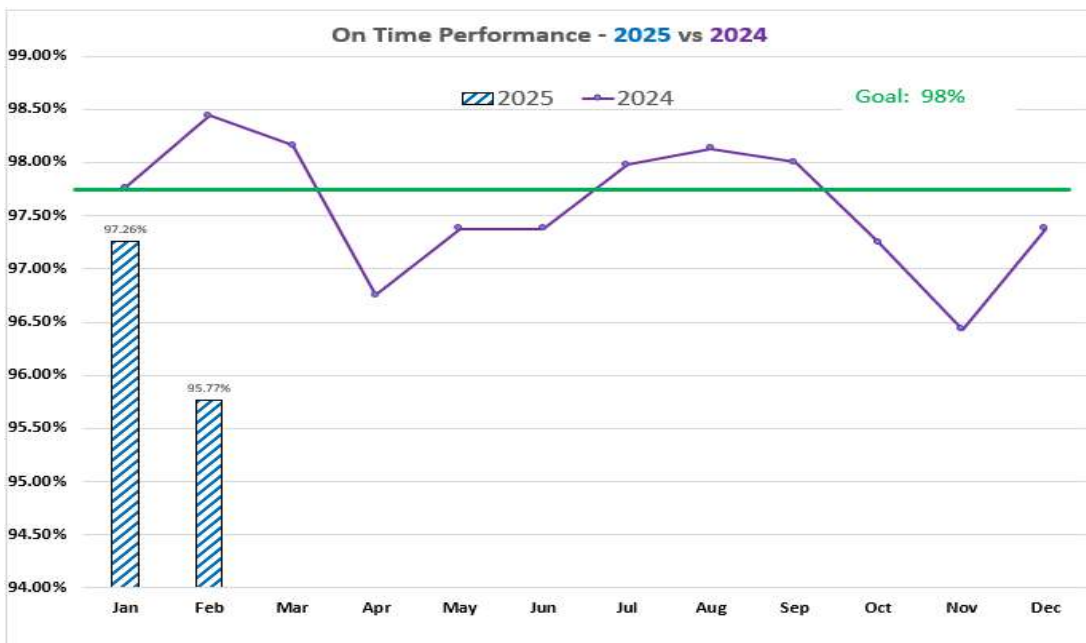

We offered manual cash sales of tickets in the days prior to the parade as well as on Parade Day and our Ticket Vending Machines also provided the credit/debit option to facilitate smooth flow of passengers through the stations. Essential workers, such as those working at hospitals, were instructed to go to the fare gates to show their ID to catch the next train. Special eastbound trains were provided in the morning for the overnight healthcare workers who needed to get home after their shifts. Starting before 5 a.m., it was an “all hands on deck” day for PATCO and DRPA staff working together successfully to provide almost 60,000 rides that day through scheduling designed to maximize the number of riders served.

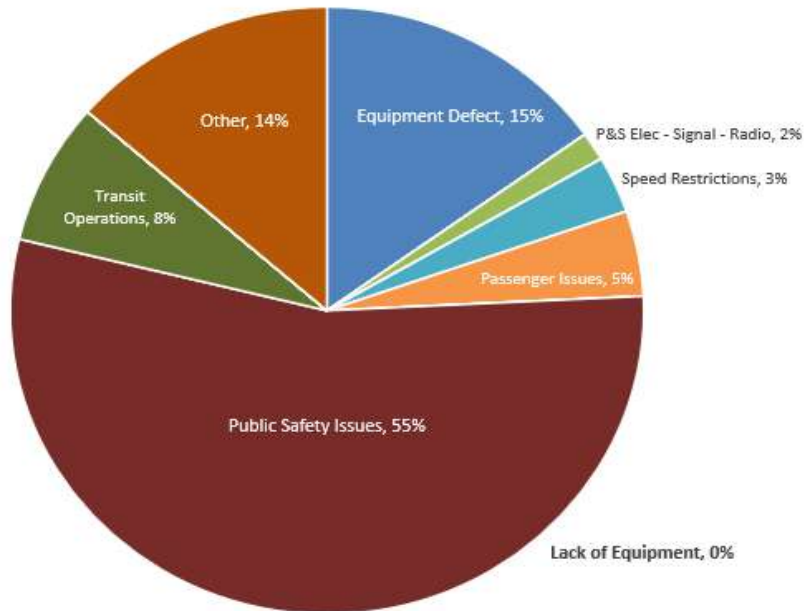

Ridership – Ridership in February was 468,780, an increase of 25,516 (+5.76%) when compared to February of 2024. Year to date ridership was 925,194, an increase of 36,660 (+4.12%) when compared to the same period in 2024.

On-Time Performance – On-time performance for the month of February was 95.77%, falling short of our goal. Of the 4,489 scheduled trips in February, 30 were cancelled, 156 trains were late, and 48 stations were bypassed.

Causes of Delay Incidents - February, 2025

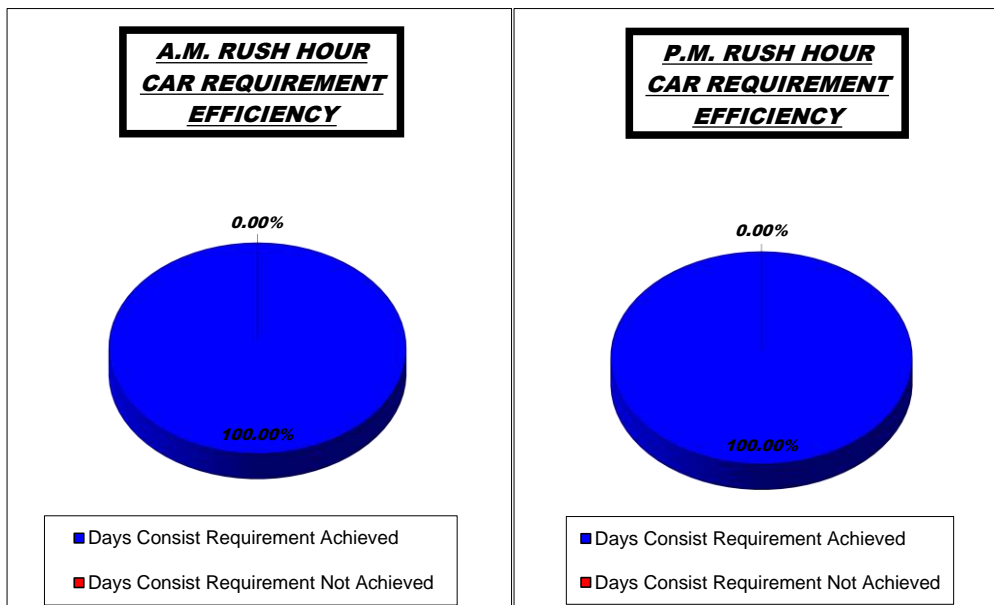

Availability of Transit Equipment –PATCO closely monitors the availability of equipment to meet the needs of our peak service customers. For the 26th consecutive month, we achieved **100%** availability.

Elevators and Escalators

• **Availability**

- Availability of all **elevators** was **96.56%** in February, falling short of our goal of 97%. The 8th North elevator door, which had been out of service in January, was returned to service on February 4th. Ceiling leak repairs at 8th South resulted in one outage that accounted for 31% of the total hours of unavailability in February; that unit has also been returned to service. During the outage, customers could use the other elevator and escalators. Year to date, availability of all elevators was **95.08%**. Year to date, availability of all escalators was 90.39%.

- Availability of all **escalators** was **91.41%** in February, also falling short of our goal of 96% this month. The Broadway escalator accounted for 68% of the total unavailability, but a particularly challenging repair was finally completed this month. During the time that escalator was out of service, the elevator at Broadway was operational. Year to date, availability of all escalators was **90.39%**.

- **Performance of Preventive Maintenance** - Monthly preventive maintenance was performed on all available elevators and escalators in February.

FREEDOM Card Service Center – The Service Center at Woodcrest Station is open every weekday from 7 a.m. to 6 p.m. and at Broadway on Mondays from 10 a.m. to 2 p.m. In addition, many customers use our FREEDOM website to add value to their cards, report lost cards and change credit card information.

PORT AUTHORITY TRANSIT CORPORATION
(A Wholly Owned Subsidiary of the Delaware River Port Authority)
December 31, 2024

NOTES TO FINANCIAL STATEMENTS

1. Investments:

The Corporation has set aside \$3,132,417 to partially fund its liability for self-insurance with the following limits:

- (a) Voluntary Workers Compensation from the first dollar to \$1,000,000 per occurrence.
- (b) Comprehensive General Liability from the first dollar to \$5,000,000 per occurrence.

2. Rent of transit system facilities:

All rapid transit system facilities used by the Corporation are leased from the Delaware River Port Authority, under terms of an agreement dated April 18, 1969 and amended June 3, 1974. The lease requires the Corporation to operate and maintain the Locust-Lindenwold line.

The terms of the amended agreement, which was made retroactive to January 1, 1974, and which is to continue from year to year, provide that the Corporation pay a minimum annual rental of \$6,122,000, which approximates the sum of the annual interest expense to the Delaware River Port Authority for that portion of its indebtedness attributable to the construction and equipping of the leased facilities plus the provision for depreciation of the rapid transit facilities as recorded by the Authority. In addition, the lease requires the Corporation to pay to the Authority any net earnings from operations for the Locust-Lindenwold line less a reasonable amount to be retained for working capital and operating reserves.

The rent is payable semi-annually on June 30 and December 31. The Corporation is in default of this agreement as payments totaling \$312,072,000 from January 1, 1974 through December 31, 2024 have not been made to the Authority.

3. Reserves for Contingent Liabilities:

Pursuant to a policy of self-insurance, the Corporation has reserved \$ 1,882,000 for Comprehensive General Liability and \$2,973,912 for Workers' Compensation.

4. Other Post-Employment Benefits:

The Government Accounting Standards Board (GASB) has issued Statement No. 45, "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions (OPEB)," which addresses the accountability and disclosure of the costs and obligations, that are associated with post-employment health care and other non-pension benefits to current and future retirees, by governmental entities. Pursuant to this requirement, the Corporation adopted its reporting requirements during the 2007 fiscal year. The OPEB accrual, in recognition of the costs and obligations associated with post-employment health care, represents an actuarial determined amount upon an unfunded assumption under a 30-year amortization period at a discount rate of 5%.

5. Deferred Revenue consists of the prepayment of fares related to the unearned values on passengers' smart cards for unused trips.

SUMMARY STATEMENT

ITEM NO.: PATCO-25-005

SUBJECT: Consideration of Pending PATCO Contracts (Between \$25,000 and \$100,000)

COMMITTEE: New Business

COMMITTEE MEETING DATE: N/A

BOARD ACTION DATE: March 19, 2025

PROPOSAL: That the Board consider authorizing staff to enter into contracts as shown on the Attachment to this Resolution.

PURPOSE: To permit staff to continue and maintain PATCO operations in a safe and orderly manner.

BACKGROUND: At the Meeting held August 18, 2010 the PATCO Commission adopted Resolution 10-046 providing that all PATCO contracts must be adopted at an open meeting of the PATCO Board. The Board proposed modifications to that Resolution at its meeting of September 15, 2010; specifically that all contracts between \$25,000 and \$100,000 be brought to the Board for approval. The contracts are listed on the Attachment hereto with the understanding that the Board may be willing to consider all of these contracts at one time, but if any member of the Board wishes to remove any one or more items from the list for separate consideration, each member will have that privilege.

Background:

These various components are mission critical for operating revenue service trains as they connect the train to the 3rd rail power system. If PATCO does not have these materials, trains will be held out of service.

Justification for Proprietary/ Sole Source:

The Horne Products, Inc was a Sole Source provider for PATCO's third rail fuses and fuse boxes. The owner/President of the company passed away a several years ago. Since his passing, we have experienced delays in communication and delivery of material. PATCO Purchasing and John Barrett, Director of Equipment Department, has made many attempts over the last 24 months to obtain status of open orders, as well as current pricing for quotes. Horne Products has not responded to any of our requests by phone or email. PATCO's oldest pending PO is from January 2021, with a due date of April 2021 and still has not been received yet.

The Equipment Department sent samples of materials manufactured by The Horne Products, Inc. to MAC Products, which successfully reverse-engineered each required component. Under an emergency request (PO# 4500020954), MAC has provided inventoried materials and submitted a First Article of Inspection (FAI) for each piece before manufacturing for review and approval. Having been vetted, we would like to proceed with purchasing these inventory materials from them.
